

# SAFETY DATA SHEET

This safety data sheet was created pursuant to the requirements of:  
US OSHA HCS 2024 and Canada Hazardous Products Act (HPA) and  
Hazardous Products Regulation (HPR), as amended

Issuing Date 24-Feb-2026

Revision date 24-Feb-2026

Revision Number 1

## 1. Identification

### Product identifier

**Product Name** Water Base Wood Stain Golden Oak

### Other means of identification

**Product Code(s)** B932

**Synonyms** None

### Recommended use of the chemical and restrictions on use

**Recommended use** Stains, Interior

**Restrictions on use** Use only for intended applications

### Details of the supplier of the safety data sheet

#### Manufacturer Address

General Finishes  
2462 Coporate Circle  
East Troy, WI 53120  
Phone 1-800-783-6050

#### Distributor

Wood Essence  
2343 1st Ave North, unit B  
Saskatoon, SK S7K 2A2  
Phone 306-955-8775

Dover Finishing Products  
180 Ave Du Voyageur  
Pointe-Claire, QC H9R6A8  
Phone 514-697-3000

Lee Valley Tools  
1090 Morrison Drive  
Ottawa, ON K2H1C2  
Phone 613-596-0350

Canpro Edmonton Distribution Centre  
14045-156 Street  
CANPRO# 2620-999  
Edmonton AB T6V1J1  
Phone 780-428-6690

### Emergency telephone number

**Emergency telephone** 24 Hour Emergency Phone Number  
Chemtrec 1-800-424-9300  
+1 703 527 3887 (CHEMTREC International)

## 2. Hazard(s) identification

### Classification of the substance or mixture

This product is not considered hazardous by either the US OSHA Hazard Communication Standard 2024, or Canada Hazardous Products Act (HPA) and Hazardous Products Regulation (HPR), as amended.

**Label elements**

No label elements required.

**Hazards classified under paragraph (d)(1)(ii) of 1910.1200**

No information available.

**Other information**

Harmful to aquatic life with long lasting effects.

**3. Composition/information on ingredients****Substance**

Not applicable.

**Mixture**

| Chemical name    | CAS No. | Weight-% | Hazardous Material Information Review Act registry number (HMIRA registry #) | Date HMIRA filed and date exemption granted (if applicable) |
|------------------|---------|----------|------------------------------------------------------------------------------|-------------------------------------------------------------|
| Propylene glycol | 57-55-6 | 1 - 5    | -                                                                            | -                                                           |

\*The exact percentage (concentration) of composition has been withheld as a trade secret.

**4. First-aid measures****Description of first aid measures**

|              |                                                                |
|--------------|----------------------------------------------------------------|
| Inhalation   | Remove to fresh air.                                           |
| Eye contact  | Rinse thoroughly with plenty of water, also under the eyelids. |
| Skin contact | Wash with plenty of water.                                     |
| Ingestion    | Rinse mouth.                                                   |

**Most important symptoms and effects, both acute and delayed**

|                     |             |
|---------------------|-------------|
| Symptoms            | None known. |
| Effects of Exposure | None known. |

**Indication of any immediate medical attention and special treatment needed**

|                    |                        |
|--------------------|------------------------|
| Note to physicians | Treat symptomatically. |
|--------------------|------------------------|

**5. Fire-fighting measures**

|                              |                                                                                |
|------------------------------|--------------------------------------------------------------------------------|
| Suitable Extinguishing Media | Use extinguishing measures that are appropriate to local circumstances and the |
|------------------------------|--------------------------------------------------------------------------------|

surrounding environment.

**Unsuitable extinguishing media** No information available.

**Specific hazards arising from the chemical** No information available.

**Explosion data**

**Sensitivity to mechanical impact** None.

**Sensitivity to static discharge** None.

**Special protective equipment and precautions for fire-fighters** Firefighters should wear self-contained breathing apparatus and full firefighting turnout gear. Use personal protective equipment.

## 6. Accidental release measures

### Personal precautions, protective equipment and emergency procedures

**Personal precautions** Ensure adequate ventilation.

### Methods and material for containment and cleaning up

**Methods for containment** Prevent further leakage or spillage if safe to do so.

**Methods for cleaning up** Dam up. Soak up with inert absorbent material. Pick up and transfer to properly labeled containers. Clean contaminated surface thoroughly.

**Prevention of secondary hazards** Clean contaminated objects and areas thoroughly observing environmental regulations.

## 7. Handling and storage

### Precautions for safe handling

**Advice on safe handling** Handle in accordance with good industrial hygiene and safety practice.

**General hygiene considerations** Do not eat, drink or smoke when using this product. Wash hands before breaks and after work.

### Conditions for safe storage, including any incompatibilities

**Storage Conditions** Keep containers tightly closed in a dry, cool and well-ventilated place. Keep from freezing.

## 8. Exposure controls/personal protection

### Control Parameters

### Exposure Limits

| Chemical name               | Alberta | British Columbia | Ontario                                                                                                                      | Quebec |
|-----------------------------|---------|------------------|------------------------------------------------------------------------------------------------------------------------------|--------|
| Propylene glycol<br>57-55-6 | -       | -                | TWA: 10 mg/m <sup>3</sup> ; aerosol only<br>TWA: 50 ppm; aerosol and vapor<br>TWA: 155 mg/m <sup>3</sup> ; aerosol and vapor | -      |

**Note** See section 16 for terms and abbreviations.

**Appropriate engineering controls**

**Engineering controls**                      Showers  
                                                          Eyewash stations  
                                                          Ventilation systems.

**Individual protection measures, such as personal protective equipment**

**Eye/face protection**                      If splashes are likely to occur, wear safety glasses with side-shields.

**Hand protection**                              No special protective equipment required.

**Skin and body protection**                      No special protective equipment required.

**Respiratory protection**                      No protective equipment is needed under normal use conditions. If exposure limits are exceeded or irritation is experienced, ventilation and evacuation may be required.

**9. Physical and chemical properties****Information on basic physical and chemical properties****Appearance**

**Physical state**                              Liquid  
**Color**                                          Yellow  
**Odor (includes odor threshold)**              Slight

| <b><u>Property</u></b>                                           | <b><u>Values</u></b> | <b><u>Remarks • Method</u></b> |
|------------------------------------------------------------------|----------------------|--------------------------------|
| <b>Melting point / freezing point</b>                            |                      | No data available              |
| <b>Boiling point (or initial boiling point or boiling range)</b> |                      | No data available              |
| <b>Flammability</b>                                              |                      | No data available              |
| <b>Flammability Limit in Air</b>                                 |                      |                                |
| Upper flammability or explosive limits                           |                      | No data available              |
| Lower flammability or explosive limits                           |                      | No data available              |
| <b>Flash point</b>                                               |                      | No data available              |
| <b>Autoignition temperature</b>                                  |                      | No data available              |
| <b>Decomposition temperature</b>                                 |                      | No data available              |
| SADT (°C)                                                        |                      | No data available              |
| <b>pH</b>                                                        | 7.5 - 8.8            |                                |
| pH (as aqueous solution)                                         |                      | No data available              |
| <b>Kinematic viscosity</b>                                       |                      | No data available              |
| <b>Dynamic viscosity</b>                                         | 150 - 350 cP         |                                |
| <b>Solubility</b>                                                |                      | No data available              |
| Water solubility                                                 | Soluble in water     |                                |
| <b>Partition coefficient n-octanol/water (log value)</b>         |                      | No data available              |
| <b>Vapor pressure (includes evaporation rate)</b>                |                      | No data available              |
| Evaporation rate                                                 |                      | No data available              |
| <b>Density and/or relative density</b>                           | 8.5                  | Water = 1                      |
| Bulk density                                                     |                      | No data available              |
| Liquid Density                                                   |                      | No data available              |
| <b>Relative vapor density</b>                                    |                      | No data available              |
| <b>Particle characteristics</b>                                  |                      |                                |
| Particle Size                                                    |                      | No data available              |
| Particle Size Distribution                                       |                      | No data available              |

**Other information**

**Molecular weight**                              No information available  
**VOC content**                                      < 90 g/L

Softening point No information available

**Information with regard to physical hazard classes**

**Explosives**

Explosive properties No information available

**Oxidizing properties** No information available

**10. Stability and reactivity**

**Reactivity** None under normal use conditions.

**Chemical stability** Stable under normal conditions.

**Possibility of hazardous reactions** None under normal processing.

**Conditions to avoid** Do not freeze.

**Incompatible materials** None known based on information supplied.

**Hazardous decomposition products** None known based on information supplied.

**11. Toxicological information**

**Information on likely routes of exposure**

**Product Information**

.

**Inhalation** Specific test data for the substance or mixture is not available.

**Eye contact** Specific test data for the substance or mixture is not available.

**Skin contact** Specific test data for the substance or mixture is not available.

**Ingestion** Specific test data for the substance or mixture is not available.

**Symptoms related to the physical, chemical and toxicological characteristics**

**Symptoms** None known.

**Acute toxicity** No information available.

**Numerical measures of toxicity**

**Component Information**

| Chemical name    | Oral LD50         | Dermal LD50              | Inhalation LC50 |
|------------------|-------------------|--------------------------|-----------------|
| Propylene glycol | = 20 g/kg ( Rat ) | = 20800 mg/kg ( Rabbit ) | -               |

**Delayed and immediate effects as well as chronic effects from short and long-term exposure**

**Skin corrosion/irritation** No information available.

**Serious eye damage/eye irritation** No information available.

**Respiratory or skin sensitization** No information available.

|                          |                           |
|--------------------------|---------------------------|
| Germ cell mutagenicity   | No information available. |
| Carcinogenicity          | No information available. |
| Reproductive toxicity    | No information available. |
| STOT - single exposure   | No information available. |
| STOT - repeated exposure | No information available. |
| Aspiration hazard        | No information available. |

## 12. Ecological information

**Ecotoxicity** The environmental impact of this product has not been fully investigated.

### Aquatic ecotoxicity

#### Component Information

| Chemical name    | Fish                                                                                                                                                                                    | Crustacea                            | Algae/aquatic plants                                    | Toxicity to microorganisms |
|------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------------------|---------------------------------------------------------|----------------------------|
| Propylene glycol | LC50: =51600mg/L (96h, Oncorhynchus mykiss)<br>LC50: 41 - 47mL/L (96h, Oncorhynchus mykiss)<br>LC50: =51400mg/L (96h, Pimephales promelas)<br>LC50: =710mg/L (96h, Pimephales promelas) | EC50: >1000mg/L (48h, Daphnia magna) | EC50: =19000mg/L (96h, Pseudokirchneriella subcapitata) | -                          |

**Persistence and degradability** No information available.

### Bioaccumulative potential

| Chemical name    | Partition coefficient | Bioconcentration factor (BCF) | Trophic magnification factor (TMF) |
|------------------|-----------------------|-------------------------------|------------------------------------|
| Propylene glycol | -1.07                 | 1                             | -                                  |

**Mobility in soil** No information available.

**Other adverse effects** No information available.

## 13. Disposal considerations

### Disposal methods

**Waste from residues/unused** Dispose of in accordance with local regulations. Dispose of waste in accordance with

products environmental legislation.

Contaminated packaging Do not reuse empty containers.

## 14. Transport information

DOT Not regulated

TDG Not regulated

IATA Not regulated

IMDG Not regulated

## 15. Regulatory information

### Safety, health and environmental regulations/legislation specific for the substance or mixture

#### International Regulations

**The Montreal Protocol on Substances that Deplete the Ozone Layer** Not applicable

**The Stockholm Convention on Persistent Organic Pollutants** Not applicable

**The Rotterdam Convention** Not applicable

#### International Inventories

Contact supplier for inventory compliance status

#### US Federal Regulations

##### **SARA 313**

Section 313 of Title III of the Superfund Amendments and Reauthorization Act of 1986 (SARA). This product does not contain any chemicals which are subject to the reporting requirements of the Act and Title 40 of the Code of Federal Regulations, Part 372.

##### **SARA 311/312 Hazard Categories**

Should this product meet EPCRA 311/312 Tier reporting criteria at 40 CFR 370, refer to Section 2 of this SDS for appropriate classifications.

##### **CWA (Clean Water Act)**

This product does not contain any substances regulated as pollutants pursuant to the Clean Water Act (40 CFR 122.21 and 40 CFR 122.42).

##### **CAA (Clean Air Act)**

This product does not contain any substances regulated as pollutants pursuant to Clean Air Act (CAA).

##### **CERCLA**

This material, as supplied, does not contain any substances regulated as hazardous substances under the Comprehensive Environmental Response Compensation and Liability Act (CERCLA) (40 CFR 302) or the Superfund Amendments and Reauthorization Act (SARA) (40 CFR 355). There may be specific reporting requirements at the local, regional, or state level pertaining to releases of this material.

#### US State Regulations

##### **California Proposition 65**

This product contains the following Proposition 65 chemicals:.

| Chemical name              | California Proposition 65                                               |
|----------------------------|-------------------------------------------------------------------------|
| Carbon black - 1333-86-4   | Carcinogen                                                              |
| Ethyl acrylate - 140-88-5  | Carcinogen                                                              |

| OEL     | Occupational exposure limits                                                                        |
| OSHA    | Occupational Safety and Health Administration of the US Department of Labor                         |
| PBT     | Persistent, Bioaccumulative and Toxic substance                                                     |
| PICCS   | Philippines Inventory of Chemicals and Chemical Substances                                          |
| PMT     | Persistent, Mobile and Toxic                                                                        |
| PPE     | Personal protective equipment                                                                       |
| QSAR    | Quantitative Structure Activity Relationship                                                        |
| RID     | Agreement concerning the International Carriage of Dangerous Goods by Rail (Europe)                 |
| SADT    | Self-Accelerating Decomposition Temperature                                                         |
| SAR     | Structure-activity relationship                                                                     |
| SARA    | Superfund Amendments and Reauthorization Act                                                        |
| SDS     | Safety Data Sheet                                                                                   |
| SL      | Surface Limit                                                                                       |
| STEL    | Short Term Exposure Limit                                                                           |
| STOT RE | Specific target organ toxicity - Repeated exposure                                                  |

|         |                                                       |
|---------|-------------------------------------------------------|
| STOT SE | Specific target organ toxicity - Single exposure      |
| TCSI    | Taiwan Chemical Substance Inventory                   |
| TDG     | Transport of Dangerous Goods (Canada)                 |
| TSCA    | Toxic Substances Control Act (United States)          |
| TWA     | Time-Weighted Average                                 |
| UN      | United Nations                                        |
| VOC     | Volatile organic compounds                            |
| vPvB    | Very Persistent and Very Bioaccumulative              |
| vPvM    | Very Persistent and Very Mobile                       |
| As      | Allergenic substance                                  |
| DS      | Dermal Sensitizer                                     |
| Ot      | Ototoxicant                                           |
| pOt     | Ototoxicant - potential to cause hearing disorders    |
| PS      | Photosensitizer                                       |
| RS      | Respiratory Sensitizer                                |
| S       | Sensitizer                                            |
| poS     | Sensitizer - capable of causing occupational asthma   |
| Sa      | Simple asphyxiant                                     |
| Sd      | Skin designation                                      |
| pSd     | Skin designation - potential for cutaneous absorption |
| Sdv     | Skin designation - vacated                            |
| Sk      | Skin notation                                         |
| dSk     | Skin notation - danger of cutaneous absorption        |
| pSk     | Skin notation - potential for cutaneous absorption    |
